

PC Shelter

**The economical way to protect PCs
in hard-working environments.**

FEATURES

- Protects computers from dust, dirt, grease, and moisture.
- Ideal for factories, warehouses, machine shops, and food-service facilities.
- Locking doors protect equipment from prying fingers as well as the environment.
- Two interior compartments hold a single workstation with a printer.
- The top compartment has a sturdy monitor shelf with a pull-out keyboard drawer underneath.
- The shelf in each compartment has a cable access slot.
- A fan on the rear panel of the bottom compartment provides ventilation.
- For added convenience, the fan has a removable, washable filter.
- The beige, textured, water-resistant surface is easy to clean and doesn't show fingerprints.
- Casters lock for safety.
