USB QuickConnect® 5-In-1 Network Kit GXQUN-08

24 Karat Quality Hi-Speed Combination USB/Network Cable that connects your computer to any Hi-Speed USB peripheral or any "On-the-Go" master device or any "On-the-Go" peripheral, or connects your computer to your network.

No longer do you have to purchase multiple cables when you are connecting your various USB enabled devices to one another! The **QuickConnect**® series for GoldX® PlusSeries® provides you with 4 different USB cable configurations within one package. All you have to do is choose the appropriate connectors for your specific environment. Computer to USB Hub, USB Hub to PDA, PDA to cell phone - doesn't matter! Yet, if you simply wish to attach your computer to your network, what was a USB cable becomes an Ethernet cable. Also included with this cable is a connector case for convenient storage of the USB Connectors not in use.

USB High-Speed 2.0 Benefits

Hi-Speed USB (v2.0) peripherals transfer data up to 40 times the speed of USB v1.1. As a result, the Hi-Speed USB cables have to be designed to withstand this barrage of information. Ensure the integrity of your data by using Hi-Speed USB cables from GoldX® PlusSeries®. Our Hi-Speed USB cables include a foil and braid shield for a higher level of protection from electronic interference.

Featured Product Benefits

- Premium Quality
- Supports 10 Mbps, 100 Mbps & Gigabit Ethernet
- 50 microns of Gold Plating on Ethernet connectors
- Detachable Connectors for added convenience
- Foil and Braid Shielding to reduce EMI/RFI interference
- Designed for Low, Full and Hi-Speed USB transmissions for optimal performance
