CableOrganizer.com Adds New Panduit Communications and Wiring Products to Suit a Multitude of Electrical and Networking Applications

Industry leading eTailer offering hundreds of Panduit solutions to meet all electrical and network installation needs

FORT LAUDERDALE, FL, August 3, 2009 – Award-winning eTailer CableOrganizer.com, among the world's foremost providers of cable, wire and equipment management-related products for use in business and at home, today announced that it has added nearly two-dozen [Panduit](http://Panduit.com)[®] electrical and network installation and maintenance products to its award-winning online catalog located at <http://CableOrganizer.com/panduit>.

"In our effort to best meet the ever growing needs of the electrical and networking industries, we now offer the complete Panduit product line representing a wide cross-section of the manufacturer's most well-known solutions, including [cable ties, clips and tools](#), network communications modules and jacks, [faceplates](#), surface raceways and [wire duct](#), [cables and patch panels](#), loom tubing, [printers and labels](#), and other [cable management](#) items," notes Paul Holstein, CableOrganizer.com COO.

Since 1955, Panduit has been known as a global leader in communications and wiring products. Indeed, Panduit has become the name that electricians and network installers trust, and their raceways, wire duct, cable ties, faceplates and surface mount boxes have become the standard in datacom/telecom installations around the world. Their unbelievable growth can all be credited to this company's expertise at crafting electrical and network solutions that are both innovative and affordable.

The following are among the [Panduit](#) products recently added to CableOrganizer.com:
